

## Introduction

Our firm, Boone Wealth Advisors, LLC, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at [www.investor.gov/CRS](http://www.investor.gov/CRS), which also provides educational materials about investment advisers, broker-dealers, and investing.

## What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services including Comprehensive Portfolio Management (“CPM”), Wrap Comprehensive Portfolio Management (“wrap”), and Financial Planning & Consulting, to clients. If you open an advisory account with our firm, we’ll meet with you to understand your current financial situation, existing resources, goals, and risk tolerance. Based on what we learn, we’ll recommend a portfolio of investments that is monitored at least quarterly, and if necessary, rebalanced to meet your changing needs and goals. We’ll offer you advice on a regular basis and contact you at least annually to discuss your portfolio. Financial Planning & Consulting is included in our CPM and wrap services.

You can select in our agreement whether we are allowed to buy and sell investments in your account without asking you in advance (“discretion”) or buy and sell investments in your account only after receiving your permission (“non-discretion”). If you select non-discretion, you make the ultimate decision regarding the purchase or sale of investments. Any limitations will be described in the signed advisory agreement. We will have discretion or non-discretion until the advisory agreement is terminated by you or our firm.

We do not restrict our advice to limited types of products or investments. We do not have an account minimum requirement for our CPM service. The account minimum requirement for our wrap service is \$2.5 million.

Financial Planning & Consulting is also offered as a separate service for a flat or hourly fee. We do not monitor your investments for the Financial Planning & Consulting service.

*Additional information about our advisory services is in Item 4 of our Firm Brochure and Item 5 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/brochure/116682>.*

### Questions to Ask Us:

- Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

## What fees will I pay?

You will be charged an ongoing quarterly fee based on the value of the investments in your account. Our CPM fee schedule ranges from 1.75% to 0.90% depending on the value of the investments in your account. The maximum annual fee for our wrap service is 0.95%. We charge up to 0.45% for accounts subject to our income strategy. Our fees vary and are negotiable. We have an incentive to increase your assets in order to increase our compensation. Our firm’s fees will be automatically deducted from your advisory account. In rare cases, our firm will agree to send you invoices.

For our Financial Planning & Consulting services, we charge a flat fee or an hourly fee. Please see [Item 5 of our Firm Brochure](#) for additional information. We may charge an upfront retainer when you sign an agreement for this service.

The custodian that holds your assets charges you a transaction fee when we buy or sell an investment for you. Their transaction fees are in addition to our fees for our CPM service. We pay the custodian’s transaction fees charged to you for our wrap service. Wrap fees are therefore typically higher than an asset-based advisory fee. We have an incentive to recommend assets without transaction fees in order to reduce the amount of the custodian’s transaction fees that we will have to pay on your behalf. You may also pay charges imposed by the custodian holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities, charge additional fees. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any

amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

*Additional information about our fees is in Item 5 of our Firm Brochure and Item 4 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/brochure/116682>.*

**Questions to Ask Us:**

- Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means:*

Our financial professionals are registered representatives of LPL Financial LLC (“LPL”), an SEC registered broker-dealer and investment adviser. Your financial professional may offer you brokerage services through LPL or investment advisory services through our firm. Brokerage and investment advisory services are different, and the fees our firm and LPL charge for those services are different. It is important that you understand the differences. Your financial professional may earn additional transaction-based compensation and have additional conflicts of interest as a result of providing brokerage services through LPL. You are encouraged to learn more about LPL by reviewing LPL’s relationship summary at [www.lpl.com/disclosures.html](http://www.lpl.com/disclosures.html) and having a discussion with your financial professional. You can also access research firms and financial professionals at [Investor.gov/CRS](http://Investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. Our financial professionals also include licensed insurance agents who have an incentive to recommend commissionable insurance products to you in order to increase their compensation.

*Additional information about our conflicts of interest is in Item 10 of our Firm Brochure and Item 9 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/brochure/116682>.*

**Questions to Ask Us:**

- How might your conflicts of interest affect me, and how will you address them?

**How do your financial professionals make money?**

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, the amount of client assets they service, and the time and complexity required to meet a client’s needs.

**Do you or your financial professionals have legal or disciplinary history?**

Yes. Visit [Investor.gov/CRS](http://Investor.gov/CRS) for a free and simple search tool to research our firm and our financial professionals.

**Questions to Ask Us:**

- As a financial professional, do you have any disciplinary history? For what type of conduct?

**Additional Information**
